AMENDMENT to the STATEMENT OF WORK

for

Design/Build Services for FTFA 16-1016
Repair HVAC System B. 1326
Eglin Air Force Base, Florida

28 Jun 21

1 PURPOSE:

- 1.1 This amendment to the statement of work (SOW) for the design/build contract, dated 12 May 20, to replace the HVAC System in B. 1326 is to revise the requirement to address possible asbestos in B. 1326.
- 1.2 This amendment shall remove the requirement for the Contractor to both provide an asbestos survey and perform abatement of asbestos containing materials (ACM) in the building. It changes the requirement to providing an asbestos survey only.
- 1.3 All other requirements outlined in the original statement of work and subsequent responses to request for information (RFI) shall remain.
