AMENDMENT to the STATEMENT OF WORK

for

Design/Build Services for FTFA 16-1016
Repair HVAC System B. 1326
Eglin Air Force Base, Florida

07 Jul 20

1 PURPOSE:

- 1.1 This amendment to the statement of work (SOW) for the design/build contract to repair the HVAC system in building 1326, sets for the requirements for the heating, ventilation and air conditioning (HVAC) equipment. All HVAC equipment associated with the execution of the project shall be TRANE equipment. This is to ensure compliance with the Air Force's HVAC standardization policy.
- 1.2 All other requirements outlined in the original SOW, dated 12 May 20, shall apply.
