Subservice provider/Teaming Arrangement Member/Joint Venture Partner Consent Letter for the Release of Past Performance Information to the Prime Service provider

Past performance information concerning subservice providers, teaming partners and/or joint venture partners cannot be disclosed to a private party without the consent of the subservice provider, teaming partner and/or joint venture. Because a prime service provider is a private party, the Government will need that consent before disclosing subservice provider/teaming partner past performance information to the prime service provider during exchanges. In an effort to assist the Government's Performance Confidence Evaluation Team in assessing your past performance relevancy and confidence, we request that the following consent letter be completed by the major subservice providers/teaming partners identified in your proposal. The completed consent letters shall be submitted as part of your Past Performance Information Volume.
